

Intelligent Lighting Creations is a full-service lighting production company that supplies expertly maintained equipment to corporate events throughout the country. ILC's expansive inventory includes truss and rigging, conventional and intelligent fixtures, plus the latest in digital and LED lighting. Our unmatched quality control procedures guarantee your event will receive the best equipment in the industry.

Unsurpassed technical skills and a unique creative vision defines the personnel at Intelligent Lighting Creations. Our team strives to help you create a memorable lighting experience for any size audience. Beginning with pre-production design and continuing throughout the entire production, ILC provides the best technical knowledge and highest level of customer service to every show.

From general sessions and meeting rooms to customer parties and product launches, Intelligent Lighting Creations has the right equipment and right personnel to make your event a success. We will exceed your expectations on every show.
